

BROWN OUT

Even skin tone brightening treatment.

Patient Instructions

1. At the time specified by your skin professional, was treated area using BE GENTLE WITH ME to completely remove CREME MASQUE.
Some patients with more dry or sensitive eyes may experience redness, excess tear production, or other signs of eye irritation while peel preparation is on the face or for a short time after its removal. Use of an appropriate lubricating eye drop, such as Refresh Plus, available at most drugstores, is recommended to relieve such symptoms.
2. After gently patting skin dry, apply ANTI-REDNESS SOOTHING BALM.
3. Cleanse skin with BE GENTLE WITH ME.
4. Apply ANTI-REDNESS SOOTHING BALM (First week only)
5. Apply HYDRATING SKIN UMBRELLA
6. The evening of the day following removal of CRÈME MASQUE, cleanse skin with BE GENTLE WITH ME, then apply BROWN OUT CC CREAM and use ANTI-REDNESS SOOTHING BALM until symptoms subside. In case of swelling, apply cold compresses as needed. Once skin returns to normal state, treatment with BROWN OUT CC CREAM can resume.
7. After the first week of treatment continue using BROWN OUT CC CREAM. For best results, apply nightly. In case of excessive dryness or undue irritation, application may be adjusted to every other night, or as directed. AFTER PARTY can be applied morning and/or evening, as needed, to control excessive dryness, and can be used alone or in combination with Sunscreen and BROWN OUT CC CREAM.
